STATEMENT OF MANAGEMENT'S RESPONSIBILITIES FOR THE PREPARATION AND APPROVAL OF THE FINANCIAL STATEMENTS

The following statement is made with a view to distinguishing the respective responsibilities of the Management and auditors on the financial statements of the "Naryn Rural Water Supply and Sanitation Development Program" Project, operating under Financing Agreements (No. 3854-KGZ (COL), Grant No. 0676-KGZ (SF)) dated December 25, 2019 and the "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project operating under the Financing Agreement (Sub-Grant No. 0783-KGZ) dated December 15, 2020, concluded between the Kyrgyz Republic and the Asian Development Bank.

The accompanying statements have been prepared by the Community Development and Investment Agency (hereinafter referred to as ARIS) and the Department of Drinking Water Supply and Sewerage Development under the State Agency for Architecture, Construction, Housing and Communal Services under the Cabinet of Ministers of the Kyrgyz Republic (hereinafter referred to as DDWSSD).

The Management of ARIS and the Management DDWSSD acknowledges its responsibility for the preparation and fair presentation of financial statements. At preparation of the financial statements, the Management of ARIS and the Management of DDWSSD are responsible for:

- selecting and application of appropriate accounting policies;
- complying with requirements of International Public Sector Accounting Standards under the cash basis of accounting and rules of Asian Development Bank and disclosure of all significant departures from International Public Sector Accounting Standards in the notes to the financial statements;

The Management is also responsible for:

- designing, implementing and maintaining of effective and reliable internal control;
- maintaining accounting system which allows to prepare information on financial transactions of the Project and ensure compliance of the financial statements with IPSAS and rules of Asian Development Bank at any moment of time with sufficient accuracy;
- maintaining of accounting in compliance with the Kyrgyz Republic legislation;
- assuring within the Management's competence existence of assets, purchased for the Loan's and Grant's proceeds;
- identifying and preventing of fraud, errors and other abuses.

The Management of ARIS and the Management of the DDWSSD state that the funds received under the above-stated Financing Agreements were used for the purposes for which the financing was provided.

These financial statements, for the year ended on December 31, 2023, were approved by the Management of ARIS and the Management of the DDWSSD on June 21, 2024.

INDEPENDENT AUDITORS' REPORT

TO THE DEPARTMENT OF DRINKING WATER SUPPLY AND SEWERAGE DEVELOPMENT UNDER THE STATE AGENCY OF ARCHITECTURE, CONSTRUCTION, HOUSING AND COMMUNAL SERVICES UNDER THE CABINET OF MINISTERS OF THE KYRGYZ REPUBLIC

TO THE FOUNDERS OF THE COMMUNITY DEVELOPMENT AND INVESTMENT AGENCY

Report on the financial statements

Opinion

We, the "W.Jacobs-Audit" CJSC, have audited the accompanying financial statements comprising of the Statement of cash receipts and payments for the year ended on December 31, 2023, Statement on the budget implementation of the "Naryn Rural Water Supply and Sanitation Development Program" Project, operating under Financing Agreements (No. 3854-KGZ (COL), Grant No. 0676-KGZ (SF)) dated December 25, 2019 and the "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project operating under the Financing Agreement (Sub-Grant No. 0783-KGZ) dated December 15, 2020, concluded between the Kyrgyz Republic and the Asian Development Bank and notes thereto, including a summary of significant accounting policies for the year ended on December 31, 2023.

In our opinion, the accompanied financial statements of "Naryn Rural Water Supply and Sanitation Development Program" Project and "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project, present fairly, in all material respects, view of receipts and payments for the year ended on December 31, 2023 in accordance with the International Public Sector Accounting Standards under the cash basis of accounting (IPSAS).

Report on the fulfilment of the terms of Financing Agreements

Qualified Opinion

In our opinion, except for the impact of the aspects set out in the point (i) and (ii) of "Basis for qualified opinion" section of our report, all funds of "Naryn Rural Water Supply and Sanitation Development Program" Project and "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project disbursed by the Asian Development Bank were used only for the purposes of the Project, as agreed between the Asian Development Bank and the Government of the Kyrgyz Republic in Loan Agreement No. 3854-KGZ(COL) and Grant Agreement No. 0676-KGZ (SF) dated December 25, 2019, as well as Sub-Grant Agreement No. 0783-KGZ and no funds from "Naryn Rural Water Supply and Sanitation Development Program" Project and "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project were used for other purposes. The Recipient has acted in accordance with the financial terms of Loan Agreement No. 3854-KGZ(COL) and Grant Agreement No. 0676-KGZ (SF), as well as Sub-Grant Agreement No. 0783-KGZ, for the period covered by the audit.

Report on supplementary financial statements

The audit was conducted to form an opinion on the financial statements as a whole. The attached Statements of cash receipts and payments on the advance accounts of the Project in US dollars and national currency, statement of withdrawals from sub-grant account, are presented for additional analysis and are not constituent (mandatory) parts of the financial statements. Such information was subjected to audit procedures applied to the audit of the special purpose financial statements.

Qualified Opinion

- (1) In our opinion, Statements of advance accounts of the Project present fairly, in all material respects, view of receipts and payments from the Asian Development Bank for the year ended on December 31, 2023.
- (2) In our opinion, except for the impact of the aspects set out in the "Basis for qualified opinion" section of our report, adequate supporting documentation has been maintained with respect to the Statements of Expenditures to support the Statements of Expenditures sent to the Asian Development Bank for reimbursement of expenses incurred, as well as expenses indicated in the Statements, are subject to financing in accordance with the Loan Agreement.

Basis for Qualified Opinion

- (i) During the reporting period, the Department of Drinking Water Supply and Sewerage Development (hereinafter referred to as DDWSSD) accrued and paid remuneration to consultants taking into account the employer's state social insurance contributions, which led to the excess of the maximum remuneration amount stipulated in agreements with consultants. As a result, Project costs paid by ADB are overstated by 1,764 US dollars.
- (ii) The Memorandum of Agreement with the DDWSSD consultants defines the deadlines for the consultants to work during the reporting period. According to the work time sheet in the reporting period, a number of consultants exceeded the work deadlines established by the provisions of the agreement. Remuneration to these consultants was paid based on timesheets for actual time worked. We were not provided with additional agreements with consultants justifying the payment of remuneration for works performed at a time other than the work period determined by the "Work Period" article of the Memorandum of Agreement with the consultants. The amount of remuneration paid for time worked outside the established deadlines was 12,045 US dollars.
- (iii) Consultant fees claimed for reimbursement in Application No. 5 in the amount of 6,005 US dollars are not eligible for financing by the Asian Development Bank in accordance with the Financing Agreement (Sub-Grant 0783-KGZ) dated December 15, 2020, since they were not paid from the funds of the Asian Development Bank.

We conducted our audit in accordance with the International Standards on Auditing. Our responsibilities in accordance with those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of this report. We are independent of the Project in accordance with the Code of Ethics for Professional Accountants of the International Ethics Standards Board for Accountants (the IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Basis for preparation, presentation, restriction on distribution and use of the financial statements

We draw your attention to Note 2 to the financial statements, which describes the basis for its preparation and presentation. The financial statements that have been prepared within the framework of the activities of "Naryn Rural Water Supply and Sanitation Development Program" Project and "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project are intended for use by the Project's Management and the Asian Development Bank, and may not be suitable for other purposes. Our report is intended solely for the Management of the "Naryn Rural Water Supply and Sanitation Development Program" Project and "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project and the Asian Development Bank, and should not be provided to other parties. However, after the publication of the financial statements by the Asian Development Bank, this report is in the public domain and its distribution is unlimited. The Asian Development Bank is not responsible for the authenticity and accuracy of the information presented in this report. Our opinion is not modified in respect of this matter.

Responsibility of the Project's Management for financial statements

The Management of the Community Development and Investment Agency (hereinafter referred to as ARIS) and the Management of the Department of Drinking Water Supply and Sewerage Development (hereinafter referred to as DDWSSD) is responsible for the preparation of these financial statements and its compliance with the International Public Sector Accounting Standard "Financial statements under the cash basis of accounting", as well as the requirements of the Loan Agreement No. 3854-KGZ(COL) and Grant Agreement No. 0676-KGZ (SF), Sub-Grant Agreement No. 0783-KGZ, and the rules of the Asian Development Bank. Also, the Management is responsible for such internal control system as Management believes necessary to enable the preparation of financial statements that is free from significant misstatements, whether due to fraud or error.

While preparing the financial statements, the Management is responsible for assessing the ability of the Project to continue its going concern until the date of the predicted completion of the Project, for disclosure, as appropriate, of the information relating to going concern and for preparation of the financial statements on the basis of the going concern assumption, unless the Management intends to liquidate the Project, to terminate its activities or when it lacks any other real alternative, but to do so.

Auditor's responsibility for the audit of the financial statements

Our goal is to obtain reasonable assurance that the financial statements are free from material misstatement, whether due to fraud or error, and in the issuance of an audit report that contains our opinion. Reasonable assurance is a high degree of assurance, but it is not a guarantee that an audit conducted in accordance with International Standards on Auditing always reveals material misstatement if it exists. Material misstatement can be the result of fraud or error and are considered material if it can reasonably be assumed that individually or in combination, they can affect the economic decisions of users made on the basis of these financial statements.

As part of an audit conducted in accordance with International Standards on Auditing, we apply professional judgment and maintain professional skepticism throughout the audit. In addition, we perform the following:

- identify and assess the risks of material misstatement of financial statements due to fraud or error; develop and
 conduct audit procedures in response to these risks; obtain audit evidence that is sufficient and appropriate to
 serve as a basis for expressing our opinion. The risk of not detecting a material misstatement as a result of fraud
 is higher than the risk of not detecting a significant misstatement as a result of an error, since fraud may include
 collusion, forgery, intentional omission, misrepresentation of the information or circumvention of the internal
 control system;
- get an understanding of the internal control system that is relevant to the audit in order to develop audit procedures
 that are appropriate for the circumstances, but not for the purpose of expressing an opinion on the effectiveness
 of the Project's internal control system;
- assess the proper nature of the accounting policies applied and the corresponding disclosure of information prepared by the Project's Management;
- conclude on the legitimacy of the application of the going concern assumption by the Project's Management, and
 on the basis of the audit evidence obtained conclude whether there is a significant uncertainty in connection
 with events or conditions that may raise significant doubts about the Project's ability to operate as a going concern
 until the date of the predicted completion of the Project. If we conclude that there is a significant uncertainty, we
 should draw attention to our disclosure in the financial statements, or, if such disclosure is inappropriate, modify
 our opinion. Our conclusions are based on the audit evidence obtained before the date of our audit report;
- evaluate the presentation of the financial statements as a whole, its structure and content, including disclosure of
 information, as well as whether the financial statements present the underlying operations and events in a manner
 that ensures their reliable representation.

We carry out informational interaction with the Project's Management, including, among other things, information on the planned scope and timing of the audit, as well as significant comments on the audit results, including significant deficiencies in the internal control system that we identify in the course of the audit.

We also provide Project's Management with a statement that we have complied with all relevant ethical requirements for independence and have informed it of all relationships and other issues that can reasonably be considered influencing the independence of the auditor and, where necessary, on appropriate precautions.

Rostokina G.R., Auditor, The engagement partner on the audit resulting in this independent auditors' report Director of "W.Jacobs-Audit" CJSC IRN No. 11046, Auditor Qualification Certificate No. 00090 dated January 27, 2005

NOTES TO THE FINANCIAL STATEMENTS

Note 1. DESCRIPTION OF THE PROJECT

One of the goals of the National Development Strategy of the Kyrgyz Republic for 2018-2040 is to provide the population with clean water and sanitation. The State National Program - The Strategy for the Development of Water Supply and Sewerage Systems for Settlements (SDWSSSS) for 2016-2026 is aimed at achieving inclusive and reliable access to safe and high-quality water supply and sanitation (WSS) services. The State Program establishes a strategic and policy framework for the development of WSS infrastructure and services and building the capacity of government departments, agencies and operators to create a sustainable WSS service delivery system.

The "Naryn Rural Water Supply and Sanitation Development Program" Project began its activities under Loan Agreement No. 3854-KGZ(COL) and Grant Agreement No. 0676-KGZ (SF), concluded between the Kyrgyz Republic and the Asian Development Bank (ADB) on December 25, 2019.

The "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project began its activities under the Sub-Grant Agreement No. 0783-KGZ concluded between the Kyrgyz Republic and the Asian Development Bank (ADB) on December 15, 2020.

Both projects are aimed at implementing the Rural Water Supply and Sanitation Development Program. The goal of the Program is to support the implementation of the SDWSSSS through inclusive and reliable access to safe water supply and improved sanitation for rural communities in the Naryn region.

ADB's core business is results-based lending (RBL) in support of the government's program.

The Rural Water Supply and Sanitation Development Program in Naryn region is aimed at supporting the construction and rehabilitation of infrastructure, as well as strengthening the capacity of the Community Development and Investment Agency implementing the Program and improving the sustainable management of WSS services.

Program activities include:

Part 1: Expansion of water supply and sanitation infrastructure and piloting of sanitation solutions, including the following: safe water sources, water storage systems, cleaning and disinfection systems; distribution networks for a target population of approximately 64,000 people; gender-responsive systems for safe water supply and sanitation in selected rural kindergartens, schools and health facilities; and piloting non-networked sanitation solutions.

Part 2: Strengthening institutional capacity to increase resilience in the rural water supply and sanitation sector, including the following: establishment and strengthening with participation of at least 20% of women in total water supply and utilities entities (WSUs) by 2025 and 40% participation of women in trainings and public consultations on issues related to the WSUs; providing financial management training to further improve internal control processes and procedures for the Program Implementing Agency and the WSUs; adoption and application of a procurement manual and a multi-year procurement action plan; and developing and implementing a monitoring and evaluation system to improve knowledge of asset inventory and data management.

The Rural Water Supply and Sanitation Development Program in the Naryn region (the "RBL Program") is the first Rural Water Supply and Sanitation Program in the Kyrgyz Republic. The Government of the Kyrgyz Republic has requested a sub-grant for the second activity to support capacity development, effective implementation and monitoring of the RBL Program, and verification of achievement of results.

In accordance with the Loan Agreement No. 3854-KGZ(COL) and the Grant Agreement No. 0676-KGZ (SF), funds are allocated by the categories of expenditure as follows:

Juan	sa by the categories of orportunity	Amount in US dollars	Share (%)

In accordance with the Sub-Grant Agreement No. 0783-KGZ, the sub-grant amount is 2,500,000.00 US dollars. The grant funds are financed 100% by ADB funds under the category "Consulting Services".

Project Status

The Community Development and Investment Agency (ARIS) is the Project Implementing Agency.

The actual and legal address of ARIS is the Kyrgyz Republic, Bishkek, Bokonbaev street, 102.

The Department of Drinking Water Supply and Sewerage Development under the State Agency of Architecture, Construction, Housing and Communal Services under the Cabinet of Ministers of the Kyrgyz Republic (DDWSSD) acts as the Executing Agency and is responsible for overall monitoring of the results of the Program.

The actual and legal address of the DDWSSD is the Kyrgyz Republic, Bishkek, Manas street, 28.

BASIS FOR PREPARATION OF THE FINANCIAL STATEMENTS Note 2.

Methodological framework for preparation of the financial statements

The methodological basis for preparation of the general-purpose financial statements of the Project is the International Public Sector Accounting Standards under the cash basis of accounting (IPSAS), in terms of special statements - rules of the Asian Development Bank.

Cash basis of accounting recognizes transactions and events only when cash (including cash equivalents) is received or paid by the entity.

The accounting policy was applied consistently throughout the entire period.

Going concern

In accordance with Loan Agreement No. 3854-KGZ(COL), the Project is expected to be completed by December 31, 2027. The closing date for the loan and grant is June 30, 2028.

In accordance with the Sub-Grant Agreement No. 0783-KGZ, the closing date of the Sub-grant is June 30, 2027.

Composition of the financial statements

General purpose financial statements are presented in accordance with the requirements of IPSAS on a cash basis. In addition, the Project prepares special financial statements in accordance with the Guidelines for Borrowers for the Financial Governance and Management of Investment Projects Financed by the Asian Development Bank. Based on the foregoing, the Project has presented its financial statements in the following composition:

Financial statements prepared in accordance with the IPSAS under the cash basis of accounting for the year ended on December 31, 2023

(In US dollars)

General purpose financial statements

- Statement of cash receipts and payments;
- Statement on the budget implementation.

Special financial statements

- Statements of Advance Accounts:
- Statement of withdrawals.

Notes to the financial statements, including accounting policies.

The reporting period was a calendar year. Each material item in the financial statements is disclosed and presented separately; non-material items are grouped.

Reporting currency. Foreign currency transactions.

The national currency in the Kyrgyz Republic is the Kyrgyz som. These statements are presented in US dollars, since the currency of the Project's documents is the US dollar. Accordingly, all currencies other than the US dollar used in payments are foreign.

To convert transactions in foreign currencies into the reporting currency, the US dollar conversion rate (hereinafter referred to as the exchange rate) is used.

Cash receipts and payments arising from transactions in foreign currency are reflected in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting and foreign currencies at the date of receipts and payments.

Thus, payments made from the advance account of the Project to finance expenses in national currency are reflected in the reporting currency at the rate of actual conversion of US dollars into national currency in the serving bank. The balances of the advance account in national currency at the end of the reporting period are estimated in the reporting currency at the actual currency conversion rate.

Co-financing of the Government of the Kyrgyz Republic is carried out in national currency. Co-financing of the Government of the Kyrgyz Republic is reflected in the reporting currency at the rate corresponding to the actual currency conversion on the date closest to the date of receipt of co-financing.

Transactions on tender and interest-bearing accounts in foreign currencies are recognized in the reporting currency at the actual currency conversion rate on the date closest to the date of the transaction. Foreign exchange differences arising from the presentation of monetary items in the financial statements at rates other than those at which they are recognized in the current period are recognized as foreign exchange gains or losses in the period in which they arise.

Monetary funds

Monetary funds include funds in financial institutions on advance accounts, co-financing account of the Government of the Kyrgyz Republic, as well as on interest and tender accounts.

Accounts receivable

Accounts receivable are disclosed in the notes to the financial statements at historical cost.

Liabilities are disclosed in the notes to the financial statements at cost, net of payments made, in accordance with the amounts of cash expected to be paid in the normal course of business.

Fixed and intangible assets

The Project classifies fixed and intangible assets as assets with a service life of more than one year, which are not intended for resale and are used to carry out activities stipulated by the Financing Agreements. Fixed and intangible assets acquired for the implementation of the Project are initially measured at cost and recognized as an expense. Amortization on fixed and intangible assets purchased for the purposes of the Project is not charged.

In accordance with the requirements of the Tax Code of the Kyrgyz Republic, the Project (as a source of payment of income) is obliged to calculate, withhold and transfer taxes to the budget from income paid to entities, including income paid to a foreign organization that is not associated with a permanent establishment in the Kyrgyz Republic received from the Project for the work performed or services rendered.

Financing

The part of financing received from donors is recognized as financing by the Project.

The Project recognizes as other receipts the proceeds from the sale of tender documents and the interest income accrued by the servicing bank on the balances of the Project's accounts.

Expenses of the Project

The purchase of goods, works and services under the Project is carried out in accordance with the rules of the Asian Development Bank.

Financial statements prepared in accordance with the IPSAS under the cash basis of accounting for the year ended on December 31, 2023

(In US dollars)

Note 3. MONETARY FUNDS

In order to implement the ARIS Program, accounts were opened with "RSK Bank" JSC in US dollars and national currency to receive financing from ADB and make payments under the Project.

For the purpose of receiving financing from ADB and making payments under the Project, DDWSSD opened accounts with "Aiyl Bank" JSC in US dollars and national currency.

Information about cash balances at the reporting date is presented as follows:

"RSK Bank" JSC and "Aiyl Bank" JSK accrue interest on funds placed on advance accounts of the Project. Accrued interest is included in other income.

In the reporting period, based on a letter from the Ministry of Finance of the Kyrgyz Republic, the accrued interest in the amount of 108,653.52 US dollars was returned by ARIS to the account of the Central Treasury of the Ministry of Finance of the Kyrgyz Republic, by crediting from interest accounts to the advance accounts of the Project, with subsequent transfer to the treasury. Including: from the loan advance account in the amount of 27,997.59 US dollars and from the grant advance account in the amount of 80,655.93 US dollars.

Interest accrued on the DDWSSD project accounts in the amount of 2,679.79 US dollars was returned to the account of the Central Treasury of the Ministry of Finance of the Kyrgyz Republic directly from the interest accounts of the DDWSSD.

Note 5. FINANCING OF THE GOVERNMENT OF THE KR

Financing the share of the Government of the Kyrgyz Republic provides for the provision of financing for the payment of tax liabilities levied on the territory of the Kyrgyz Republic.

Financing amounts allocated to the Project by the Government of the Kyrgyz Republic are transferred to the regional bank account of the Treasury, from which, after the provision of a permit to the Project for payment of expenses, the corresponding payments are made on behalf of the Project.

In the reporting period, the Government of the Kyrgyz Republic provided co-financing in the amount of 34,245,380.03 som, which is equivalent to 389,329.54 US dollars, including:

- ARIS in the amount of 33,000,000 som, which is equivalent to 375,090.38 US dollars;
- DDWSSD in the amount of 1,245,380.03 som, which is equivalent to 14,239.16 US dollars.

INDEPENDENT AUDITOR'S ASSURANCE REPORT

TO THE DEPARTMENT OF DRINKING WATER SUPPLY AND SEWERAGE DEVELOPMENT UNDER THE STATE AGENCY OF ARCHITECTURE, CONSTRUCTION, HOUSING AND COMMUNAL SERVICES UNDER THE CABINET OF MINISTERS OF THE KYRGYZ REPUBLIC

TO THE FOUNDERS OF THE COMMUNITY DEVELOPMENT AND INVESTMENT AGENCY

Scope of work

We "W.Jacobs-Audit" CJSC have completed a reasonable assurance engagement in accordance with the International Assurance Engagement Standards regarding compliance with financial obligations and use of funds by "Naryn Rural Water Supply and Sanitation Development Program" Project, operating under the Financing Agreements (Loan No. 3854-KGZ (COL), Grant No. 0676-KGZ (SF)) dated December 25, 2019 and the "Naryn Program Readiness" under the Multi-Sectoral Activities Support Fund (Activity 2)" Project, operating under the Financing Agreement (Sub-Grant 0783-KGZ) dated December 15, 2020, concluded between the Kyrgyz Republic and the Asian Development Bank, reflected in the financial statements, consisting of the Statement of cash receipts and payments for the year ended on December 31, 2023, the Statement on budget implementation, the Statements of the Project Advance Accounts, Statement of withdrawals from sub-grant account and a summary of significant accounting policies and other notes applicable to these financial statements for the year ended on December 31, 2023, to express an opinion on whether the subject matter described below, in all material respects, complies with the criteria set out in Annex 1.

Subject matter information

The subject matter of the engagement is to provide the auditor with an opportunity to express an opinion in accordance with ISAE 3000, Assurance Engagements other than Audits or Reviews of Historical Financial Information, on the assurances provided by management in the Statement of Compliance (see page 29).

Project Management Responsibilities

The management of the Community Development and Investment Agency (hereinafter referred to as ARIS) and the Department of Drinking Water Supply and Sewerage Development (hereinafter referred to as DDWSSD) is responsible for the preparation and fair presentation of financial statements and their compliance with the International Public Sector Accounting Standard "Financial statements under the cash basis of accounting", and also the requirements of Loan Agreement No. 3854-KGZ(COL), Grant Agreement No. 0676-KGZ (SF), Sub-Grant Agreement No. 0783-KGZ and the Rules of the Asian Development Bank.

Management is responsible for maintaining a sufficient level of internal control to ensure that the financial statements are free from material misstatement, whether due to fraud or error. Management is responsible for using Project funds only for the purposes of the Project, for meeting financial liabilities and for maintaining effective internal controls, including over the procurement process.

Management is also responsible for following the procedures for using the advance account in accordance with the Asian Development Bank Loan Disbursement Guide; Maintaining proper supporting documentation to support the declared expenditures in the Statement of Expenditures (SOE) and the payment of advances made to the Project's advance accounts.

Auditor's responsibilities

Our responsibility is to express an opinion on the subject matter described above based on the procedures we have performed. We performed our engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000, Assurance Engagements other than Audits or Reviews of Historical Financial Information, issued by the International Auditing and Assurance Standards Board. This standard requires us to plan and conduct our procedures so as to obtain reasonable assurance that the assurances provided by the Project Management in the Statement of Compliance are, in all material respects, true, controls are properly established and operate effectively.

An assurance engagement involves performing procedures to obtain evidence about the design and operating effectiveness of controls. The choice of procedures depends on the judgment of the auditor and includes an assessment of the risks that controls are not properly established and do not operate effectively. Our procedures have included testing the operating effectiveness of those controls that we consider necessary to provide reasonable assurance that Management's assurances as stated in the Statement of Compliance are achieved. The assurance engagement includes an assessment of the overall presentation of the Statement of Compliance, the appropriateness of its stated objectives, and the suitability of the criteria presented in Annex 1.

By their very nature, the controls applied by the Project may not prevent or detect all errors or omissions in the processing of transactions or in the results reported about those transactions.

Auditor independence and quality control

We declare that we have complied with the requirement of independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, based on the fundamental principles of honesty, objectivity, professional competence and due diligence, confidentiality and professional

We apply the International Standards on Quality Management and are responsible for implementing and maintaining our own quality control system for assurance engagements, which includes documented policies and procedures, including compliance with ethical requirements, professional standards, and other legal and regulatory requirements.

Description of the works performed

The assurance procedures we performed included, but were not limited to:

- Review of current policies and procedures of the Asian Development Bank;
- Examination of primary documents confirming the expenses incurred during the period of the Project implementation and verification of their compliance with the declared objectives of the Project;
- Checking the distribution of expenditures according to the relevant budget lines;
- Verification of compliance with the share financing of expenses in accordance with the share of financing of expenses provided for by Financing Agreements with the Asian Development Bank;
- Verification of compliance with the share of co-financing in accordance with the terms of financial agreements;
- Verification of arithmetic accuracy in the formation of supporting documents, subsidiary books and financial statements of the Project;
- Examination of primary documents confirming the expenditures of the Project for the purpose of efficient use of Project funds;
- Checking the physical availability of inventories and assets acquired during the Project implementation period (fixed assets and inventories), as well as internal control mechanisms related to the accounting of acquired assets;
- Checking the proper maintenance of subsidiary books and records;
- Verification of compliance with the functioning of internal systems and processes aimed at ensuring that: (a) the advance account is managed in accordance with ADB Rules, (b) the balance of funds in the advance account (and any sub-accounts) is supported by evidence, (c) expenses paid from the advance account (and any sub-accounts) are consistent with the approved Project objective and categories of expenditures specified in the Financing Agreements, and (d) the amount of expenditure paid from the advance account (and any sub-accounts) is consistent with the disbursement percentages stipulated in the Financing Agreements;
- Verification of the timely preparation and maintenance of appropriate supporting documentation to support claims for reimbursement of expenses incurred and repayment of advances provided to the advance account, stated in the Statement of Expenditures (if applicable);
- Study of the procurement process and review of procurement procedures for compliance with established requirements;

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Basis for Qualified Opinion

- (i) During the reporting period, the Department of Drinking Water Supply and Sewerage Development (hereinafter referred to as DDWSSD) accrued and paid remuneration to consultants taking into account the employer's state social insurance contributions, which led to the excess of the maximum remuneration amount stipulated in agreements with consultants. As a result, Project costs paid by ADB are overstated by 1,764 US dollars.
- (ii) The Memorandum of Agreement with the DDWSSD consultants defines the deadlines for the consultants to work during the reporting period. According to the work time sheet in the reporting period, a number of consultants exceeded the work deadlines established by the provisions of the agreement. Remuneration to these consultants was paid based on timesheets for actual time worked. We were not provided with additional agreements with consultants justifying the payment of remuneration for works performed at a time other than the work period determined by the "Work Period" article of the Memorandum of Agreement with the consultants. The amount of remuneration paid for time worked outside the established deadlines was 12,045 US dollars.
- (iii) Consultant fees claimed for reimbursement in Application No. 5 in the amount of 6,005 US dollars are not eligible for financing by the Asian Development Bank in accordance with the Financing Agreement (Sub-Grant 0783-KGZ) dated December 15, 2020, since were paid for by the Asian Development Bank.

Qualified Opinion

Our opinion is formed taking into account the circumstances set forth in this Report. In forming our opinion, we have used the criteria set out in Annex 1. In our opinion, except for the impact of aspects set out in the "Basis for qualified opinion" section of our report, in all material respects:

- During the reporting period for the year ended on December 31, 2023, the funds disbursed by the Asian Development Bank were used only for the purposes of the Project, as agreed between the Asian Development Bank and the Government of the Kyrgyz Republic in Loan Agreement No. 3854-KGZ(COL) and Grant Agreement No. 0676-KGZ (SF) dated December 25, 2019, as well as Sub-Grant Agreement No. 0783-KGZ and no funds from the "Naryn Rural Water Supply and Sanitation Development Program" Project and the "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project are not used for other purposes.
- The Recipient acted in accordance with the financial terms of Loan Agreement No. 3854-KGZ(COL) and Grant Agreement No. 0676-KGZ (SF) and Sub-Grant Agreement No. 0783-KGZ for the year ended on December 31, 2023.
- Appropriate supporting documentation is maintained by the Project to authenticate claims for reimbursement of expenses incurred that meet established criteria and advance payments made to the advance account.
- Advance account procedures were carried out in accordance with the Asian Development Bank Loan Disbursement Guide.
- Controls related to the internal control objectives stated in the Statement of Compliance were properly designed and operated effectively for the year ended on December 31, 2023.

Rostokina G.R., Auditor, The engagement partner on the audit resulting in this independent auditors' report Director of "W.Jacobs-Audit" CJSC IRN No. 11046, Auditor Qualification Certificate No. 00090 dated January 27, 2005

Kyrgyz Republic, 720051, Bishkek, Saliyeva street, 72 June 21, 2024

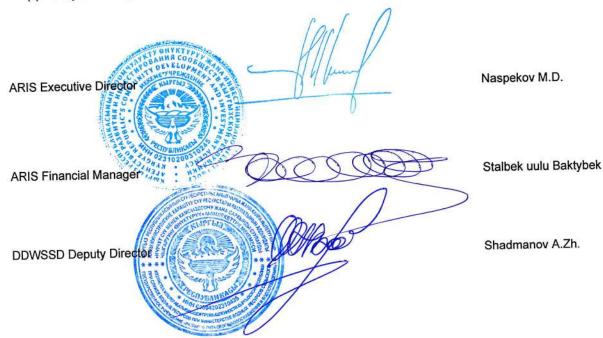

STATEMENT OF COMPLIANCE

Report on Compliance with financial obligations regarding the use of funds from the "Naryn Rural Water Supply and Sanitation Development Program" Project operating under the Financing Agreements (Loan No. 3854-KGZ (COL), Grant No. 0676-KGZ (SF)) dated December 25 2019 and the "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project, operating under the Financing Agreement (Sub-Grant 0783-KGZ) dated December 15, 2020, concluded between the Kyrgyz Republic and the Asian Development Bank, and reflected in the financial statements, consisting of the Statement of cash receipts and payments for the year ended on December 31, 2023, the Statement on budget implementation, the Statements of the Project advance accounts, as well as a summary of significant accounting policies and other notes to this financial statements for the year ended on December 31, 2023, prepared by the Community Development and Investment Agency (hereinafter referred to as ARIS) and the Department of Drinking Water Supply and Sewerage Development (hereinafter referred to as DDWSSD).

The ARIS management and the DDWSSD management state that:

Grant No. 0783-KGZ)

- (i) funds received under the "Naryn Rural Water Supply and Sanitation Development Program" Project operating under the Financing Agreements (Loan No. 3854-KGZ (COL), Grant No. 0676-KGZ (SF)) dated December 25 2019 and the "Naryn Program Readiness" within the framework of the Multi-Sectoral Activities Support Fund (Activity 2)" Project, operating under the Financing Agreement (Sub-Grant 0783-KGZ) dated December 15, 2020, concluded between the Kyrgyz Republic and the Asian Development Bank, were used for the purposes for which the financing was provided.
- the executing agency (DDWSSD) and the implementing agency (ARIS) comply with the financial obligations under the Financing Agreements;
- (iii) advance account procedures are carried out in accordance with the Asian Development Bank Loan Disbursement Guide;
- the Project maintains appropriate supporting documentation to authenticate claims for reimbursement of eligible costs incurred and advances made to the advance account; and
- (v) Project management maintains effective internal control, including over the procurement process.

Annex 1

Extracts from the Terms of Reference of an Auditor

Annex A, Auditor's Terms of Reference, Section B

The auditor will provide a reasonable assurance opinion in accordance with ISAE 3000, Assurance Engagements other than Audits or Reviews of Historical Financial Information, on the following assurances provided by the management in the Statement of Compliance:

- that proceeds from the Sub-Grant were used only for the purposes of the Project;
- (ii) compliance by the recipient or executing agency with financial obligations under the legal agreement(s), where applicable;
- (iii) that the advance account procedure, where applicable, operates in accordance with the Asian Development Bank (ADB) Loan Guidelines;
- (iv) the availability of appropriate supporting documentation to authenticate the claims specified in the Statement of Expenditure (SOE), where applicable, for the reimbursement of eligible expenses incurred and for the repayment of advances made to the advance account; and
- ensuring effective internal controls, including over the procurement process.

Annex 2

2.1. Loan Agreement No. 3854-KGZ (COL)

Article III. Use of proceeds of the Loan

Section 3.01. The Borrower shall apply the proceeds of the Loan to the financing of expenditures of the Program in accordance with the provisions of this Loan Agreement.

Section 3.02. The Proceeds of the Loan shall be allocated and withdrawn in accordance with the provisions of Schedule 3 to this Loan Agreement, as such Schedule may be amended from time to time by agreement between the Borrower and ADB.

Section 3.03. The Loan Closing Date for the purposes of Section 8.02 of the Loan Regulations shall be 30 June 2028 or such other date as may from time to time be agreed between the Borrower and ADB.

2.2 Description of the Program

The goal of the Program is to support the implementation of the Strategy for the Development of Water Supply and Sewerage Systems for Settlements through inclusive and reliable access to safe water supply and improved sanitation for rural settlements in the Naryn region.

Part 1: Expansion of water supply and sanitation infrastructure and piloting of sanitation solutions, including the following: safe water sources, water storage systems, cleaning and disinfection systems; distribution networks for a target population of approximately 64,000 people; gender-responsive systems for safe water supply and sanitation in selected rural kindergartens, schools and health facilities; and piloting non-networked sanitation solutions.

Part 2: Strengthening institutional capacity to increase resilience in the rural water supply and sanitation sector, including the following: establishment and strengthening with participation of at least 20% of women in total water supply and utilities entities (WSUs) by 2025 and 40% participation of women in trainings and public consultations on issues related to the WSUs; providing financial management training to further improve internal control processes and procedures for the Program Implementing Agency and the WSUs; adoption and application of a procurement manual and a multi-year procurement action plan; and developing and implementing a monitoring and evaluation system to improve knowledge of asset inventory and data management.

The Rural Water Supply and Sanitation Development Program in the Naryn region (the "RBL Program") is the first Rural Water Supply and Sanitation Program in the Kyrgyz Republic. The Government of the Kyrgyz Republic has requested a sub-grant for the second activity to support capacity development, effective implementation and monitoring of the RBL Program, and verification of achievement of results.

2.3 Distribution and Withdrawal of Loan Proceeds

General

Except as otherwise agreed with ADB, the proceeds of the Loan will be distributed in accordance with the Loan Guidelines.

Deposit account

Prior to making the first application to ADB for withdrawal from the Loan Account, the Borrower must open an account set up with a commercial bank as a Deposit Account for the Program into which all withdrawals from the Loan Account must be deposited.

The Borrower shall maintain separate records in respect of the Deposit Account in accordance with accounting principles acceptable to ADB.

Basis for withdrawal of funds from the Loan Account

- (a) Loan amounts made available for withdrawal in respect of Disbursement Linked Indicators (DLI) after the relevant DLI targets are met as set out in the DLI Matrix. Withdrawals in connection with any DLI targets are possible provided that such DLI targets are met on or before the end date of the Program.
- (b) ADB may reallocate Loan amounts under the same DLI or from one DLI to any other DLI.

Prior to the submission of any withdrawal application in respect of a DLI, the Borrower shall provide to ADB, in accordance with the DLI Verification Protocol, satisfactory evidence that: (a) such DLI has been fully achieved; or (b) for a DLI for which partial payment is permitted (as specified in the DLI Matrix), such DLI has been achieved to the extent required for partial payment in accordance with the DLI Verification Protocol. Upon confirmation by ADB that the DLI has been achieved in whole or in part, the Borrower may apply to ADB to withdraw the appropriate amount of the Loan for such DLI.

Advance financing and financing prior results

- (a) Prior to the achievement of the DLI, the Borrower may withdraw from the Loan Account the amount of the advance financing for the purposes of meeting the financing needs of the Program and supporting the achievement of such DLIs, provided that the outstanding amount of the advance financing shall in no event exceed 25% of the amount of the Loan. ADB shall deduct the outstanding amount of the advance financing, or any portion thereof, from the proceeds of the Loan due upon reaching the DLI.
- (b) The Borrower may withdraw funds from the DLI Loan Account reached prior to the Effective Date, but not earlier than 12 months prior to the date of this Loan Agreement, provided that the cumulative amount of such withdrawals on preliminary results shall not exceed 20% of the Loan amount.
- (c) The aggregate amount of the outstanding amount of the advance financing and the amount withdrawn to finance the preliminary results under subparagraphs (a) and (b) above shall in no event exceed 30% of the amount of the Loan.
