**MANAGEMENT'S STATEMENT OF RESPONSIBILITIES FOR THE PREPARATION AND APPROVAL OF THE PROJECT'S FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2025**

The following statement, which should be read in conjunction with the auditor's responsibilities, is made to distinguish the respective responsibilities of the project management and an independent auditor in relation to the financial statements of the Sustainable Rural Water Supply and Sanitation Development Project (hereinafter referred to as the "Project"), financed under the Financing Agreement Grant No. D138-KG, Credit No. 5907-KG dated October 26, 2016, the Financing Agreement Grant No. D204-KG, Credit No. 6088-KG dated November 13, 2017 and the Financing Agreement for Credit No. 7470-KG dated April 16, 2024.

Project Management is responsible for the preparation of the project financial statements that present fairly, in all material respects, the statement of funds received and expenditures paid and the statement of expenditures paid for the project components for the year ended December 31, 2025, in accordance with International Public Sector Accounting Standards "Financial Reporting under the Cash Basis of Accounting" (hereinafter referred to as "IPSAS") issued by the International Public Sector Accounting Standards Board of the International Federation of Accountants and the Guidelines for Annual Financial Reporting and Auditing of Activities Financed by the World Bank, issued by the World Bank Financial Management Sector Board (the "WB Guidelines").

In preparing the project financial statements, the project management is responsible for:

- selecting suitable accounting policies and their consistent application;
- making judgments and estimates that are reasonable and prudent;
- compliance with IPSAS and World Bank Guidance Notes, including disclosure and explanation of any material departures in the project financial statements; and
- preparing the project financial statements on the assumption that the Project will be implemented in accordance with the established period.

Project management is also responsible for:

- designing, implementing and maintaining effective and sound system of internal control and for revealing risks in system of internal control;
- maintaining proper accounting records that disclose, with reasonable accuracy at any time, the Project financial position, and which enable them to ensure that the financial statements of the Project comply with IPSAS and WB Guidelines;
- compliance with laws and regulations of the Kyrgyz Republic, and the requirements of the operational manual of the Project and the requirements of the World Bank;
- taking such steps as are reasonably available to them to safeguard the assets of the Project; and
- detecting and preventing fraud, error and other irregularities.

The Project financial statements for the year ended December 31, 2025 were approved and authorized for issue by the Project management on June 29, 2026.

On behalf of the Management:

  
  
**Zhumadylov K.A. Executive**

## INDEPENDENT AUDITOR'S REPORT

**To the Management of the Sustainable Rural Water Supply and Sanitation Development Project under the Agency for Development and Investment of Communities  
Grant No. D138-KG, Grant No. D204-KG, Credit No. 5907-KG, Credit No. 6088-KG and  
Credit No. 7470-KG**

### Opinion

We have audited the accompanying special purpose financial statements of the Sustainable Rural Water Supply and Sanitation Development Project (the "Project"), which comprise the summary of funds received and expenditures paid and the summary of expenditures paid by project parts for the year ended December 31, 2025, and notes to the project financial statements.

In our opinion, the accompanying project financial statements present fairly, in all material respects, the summary of funds received and expenditures paid and the summary of expenditures paid by project parts of the Project for the year ended December 31, 2025, in accordance with the special purpose framework comprising the International Public Sector Accounting Standard "Financial Reporting Under the Cash Basis of Accounting" (the "IPSAS") issued by the International Public Sector Accounting Standards Board of the International Federation of Accountants, and the World Bank's Financial Management Sector Board's "Guidelines: Annual Financial Reporting and Auditing for World Bank Financed Activities" (the "WB Guidelines").

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Special Purpose Financial Statements section of this report. We are independent of the Project in accordance with the ethical requirements applicable to our audit of the financial statements in the Kyrgyz Republic and have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter – Basis of Accounting and Restriction on Use and Distribution

Without qualifying our opinion, we draw attention to Note 2 to the project financial statements, which describe the basis of accounting. These project financial statements were prepared for

complying with the appropriate World Bank Guidelines and Grant agreements requirements. These circumstances do not lead to modification of the auditor's opinion.

The project financial statements are prepared to assist the Project to comply with the requirements of the World Bank. As a result, the project financial statements may not be suitable for another purpose.

### **Responsibilities of Management and Those Charged with Governance for the Special Purpose Financial Statements**

Management is responsible for the preparation and fair presentation of these special purpose financial statements in accordance with International Public Sector Accounting Standard "Financial Reporting Under the Cash Basis of Accounting" (the "IPSAS") issued by the International Public Sector Accounting Standards Board of the International Federation of Accountants, and the World Bank's Financial Management Sector Board's "Guidelines: Annual Financial Reporting and Auditing for World Bank Financed Activities" (the "WB Guidelines"), and for such internal control as management determines is necessary to enable the preparation of project financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibilities for the Audit of the Special Purpose Financial Statements**

Our objectives are to obtain reasonable assurance about whether these project financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on audit evidence obtained up to the date of our auditor's report.

However, future events or conditions may cause the Project to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during our audit.

The engagement partner responsible for the audit resulting in this independent auditor's report is Gulnaz Taiyrbekovna Borbugulova.

## NOTES TO THE FINANCIAL STATEMENTS OF THE PROJECT FOR THE YEAR ENDED DECEMBER 31, 2025 (in USD)

---

### 1. GENERAL INFORMATION

Financing Agreement for Grant No. D138-KG, Credit No. 5907-KG, was concluded on October 26, 2016, between the Kyrgyz Republic and the International Development Association (hereinafter referred to as "IDA"), pursuant to which IDA provided financing to the Kyrgyz Republic in the amount of 7 600 000 Special Drawing Rights (hereinafter referred to as "SDRs") and 9 300 000 SDRs, respectively. The Financing Agreement entered into force on February 3, 2017.

The Supplemental Financing Agreement for Grant No. D204-KG, Credit No. 6088-KG was concluded on November 13, 2017, between the Kyrgyz Republic and the International Development Association (hereinafter referred to as "IDA"), pursuant to which IDA provided financing to the Kyrgyz Republic in the amount of 11 900 000 Special Drawing Rights (hereinafter referred to as "SDRs") and 14 500 000 SDRs, respectively. The Financing Agreement entered into force on September 7, 2018. Under the Financing Agreement on Additional Financing between the Kyrgyz Republic and the International Development Association dated April 16, 2024, IDA provided Credit No. 7470-KG in the amount of 7 640 000 USD to the Kyrgyz Republic.

Financing was provided for the implementation of the Sustainable Rural Water Supply and Sanitation Development Project (hereinafter referred to as the Project).

The Project term under the main Financing Agreement for Grant No. D138-KG, Credit No. 5907-KG is from October 26, 2016 to June 30, 2026. The grace period for submitting applications for withdrawal of funds for expenditures paid before the closing date is four months after the closing date - October 31, 2026.

The validity period of the Project under the additional financial agreement for Grant No. D204-KG, Credit No. 6088-KG is from November 13, 2017 to June 30, 2026. The grace period for submitting applications for withdrawal of funds for expenditures paid before the closing date is four months after the closing date - October 31, 2026.

The validity period of the Project under the second additional financial agreement for Credit No. 7470-KG is from April 16, 2024 to June 30, 2026. The grace period for submitting applications for withdrawal of funds for expenditures paid before the closing date is four months after the closing date - October 31, 2026.

#### **Project purpose**

The objectives of the Project are: (i) to improve access to and quality of water supply and sanitation services in target rural communities; and (ii) to strengthen the capacity of agencies and bodies in the water supply and sanitation sector.

The project consists of the following components:

#### **Component 1: Investments in water supply**

This component will address the need for rehabilitation of existing and/or construction of new water supply systems in targeted subprojects benefiting approximately 208,000 people. The component will finance goods, works, and services (including design and construction supervision) and will include civil, electrical, and mechanical structures and installations for water supply production (wells, intakes, etc., and disinfection), water transmission, and distribution (network, storage tanks, meters, etc.) to households in the project areas. This component will also finance preparatory activities, including the development of design and estimate documentation. Additional organizational support components are defined under Component 3. These activities, together with infrastructure investments, will support the operation of the water supply system to ensure sustainable service provision. Water supply systems financed under the Project will reflect careful consideration of a number of important design principles and implementation principles, including the objective of ensuring equitable access and quality of service within the project areas; Individual metering for each connection (and the introduction of consumption-

based billing), consideration of all lifecycle costs, including an assessment of water source options, consideration of climate factors and sustainability, and requirements for operator capacity support. Furthermore, it is important to note that the population and local authorities will be involved in identifying priority investments in their respective areas through public consultations and meetings. Women beneficiaries and women's groups will be invited to participate to ensure their voices are reflected in identifying investments that are important to them. Communities will also be involved in monitoring the quality of construction work through community monitoring processes and the establishment of Village Water Committees. In accordance with the procedures of the Resettlement Policy Framework (hereinafter "RPF"), the costs associated with the implementation of resettlement activities will be financed under Component 1 from the Government's contribution to the Project.

## **Component 2: Sanitation development**

This component finances the procurement of goods, works, and services to improve sanitation conditions in target rural communities. This component also includes physical investments aimed at improving sanitation facilities in schools and other social institutions, complemented by hygiene education and training programs. Furthermore, the component includes technical advisory activities to support improved sanitation conditions at the household level. This component provides support for the development and implementation of a communication strategy and Water, Sanitation, Hygiene (WASH) education campaigns to promote improved sanitation and hygiene practices, including materials on water quality and safe disinfection. Educational programs on sanitation and hygiene are being introduced through the school system and in communities to support improved knowledge, attitudes, and practices in this area in the project area.

(a) Rehabilitation of existing indoor sanitary facilities and/or construction of new sanitary facilities in schools, preschool institutions and other social institutions;

(b) Preparation of standard designs;

(c) Providing strategic technical, policy and capacity support to improve sanitation;

(d) Assessment of the needs of selected district units of sanitary and epidemiological surveillance (hereinafter referred to as "SES");

(d) Develop and implement a communication strategy and awareness-raising campaigns on water supply, sanitation and hygiene issues;

(e) Development of a national rural sanitation strategy.

(g) Provision of results-based incentives to eligible beneficiaries as Sub-grants for improvement of sanitation and hygiene conditions.

## **Component 3: Institutional Strengthening**

This component finances goods and services aimed at strengthening the institutional capacity of this sector at the national and local levels. Specific activities are being implemented to support the Cabinet of Ministers of the Kyrgyz Republic in making informed public decisions aimed at developing, modernizing, and reforming the water supply and sanitation sector, including the implementation of the Cabinet of Ministers Strategy for Water Supply, Wastewater Disposal and Sanitation. The component also aims to strengthen the capacity of local governments and service providers, such as Rural Public Associations of Drinking Water Consumers (hereinafter referred to as "RPDCs"), to sustainably manage water supply and sanitation systems.

## **Component 4: Project Management**

This component finances Agency for Development and Investment of Communities expenditure for salaries of administrative staff and staff with contributions to the Social Fund of the Kyrgyz Republic, consulting services and equipment, a monitoring and evaluation system, and financial management, including internal and external financial audit.

### **Project Financing**

The total cost of the Project's core financing is USD 28 million and will be financed by a USD12.92 million IDA Credit, a USD10.58 million IDA grant, and a USD 4.50 million contribution from the Government of the Kyrgyz Republic.

The total cost of the additional financing for the Project is USD 43.2 million and will be financed by an IDA credit of USD 19.78 million, an IDA grant of USD16.22 million and a contribution from the Government of the Kyrgyz Republic of USD 7.20 million.

According to the IDA letter of May 15, 2020, amendments were made to the Financing and Grant Agreements regarding financing sources. According to these amendments, the Government of the Kyrgyz Republic is suspending financing for the Project under the Financing Agreement and the Additional Financing Agreement.

### **Project Implementation**

The project is being implemented by the Community Development and Investment Agency of the Kyrgyz Republic (hereinafter referred to as "Agency for Development and Investment of Communities").

The Community Development and Investment Agency of the Kyrgyz Republic was established by the Decree of the President of the Kyrgyz Republic on October 15, 2003, with the aim of deepening the measures taken to attract investment to overcome poverty, develop and support private entrepreneurship within the framework of the National Poverty Reduction Strategy, strengthen the activities of local governments and strengthen local communities and community organizations.

The founders of the Community Development and Investment Agency are the Administration of the President of the Kyrgyz Republic, Association of Legal Entities "Association of Local Self-Government Bodies of Rural Areas and Communities of the Kyrgyz Republic" and the Public Association "Counterpart – Sheriktesh". The activities of the Community Development and Investment Agency are coordinated by the Agency for Development and Investment of Communities Supervisory Board, which is the highest governing body of Agency for Development and Investment of Communities.

Address: 102, Bokonbaeva street, Bishkek, Kyrgyz Republic, 720040.

## **2. PRINCIPLES FOR PRESENTING THE PROJECT FINANCIAL STATEMENTS**

### **Basis of presentation**

These project financial statements have been prepared in accordance with the International Public Sector Accounting Standard "Financial Reporting under the Cash Basis of Accounting" (the "IPSAS") issued by the International Public Sector Accounting Standards Board of the International Federation of Accountants and Guidelines for Annual Financial Reporting and Auditing of Activities financed by the World Bank, issued by the World Bank Financial Management Sector Board (the "WB Guidelines").

Under the cash basis of accounting, income (or expenditure) is recognized when cash is received (or paid), regardless of when the goods or services are received or provided.

The approved project budget, disclosed by expenditure categories, is not publicly available and, accordingly, a comparison of the budget with actual amounts is not provided.

The project's financial statements consist of:

- Statement of funds received and expenditures paid;
- Statement of expenditures paid by project components;
- Notes to the project financial statements, including a summary of significant accounting policies and other explanatory notes.

The presentation currency of the project's financial statements is USD.

### **3. DESCRIPTION OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Cash basis of accounting**

The project's financial statements are prepared on the cash basis of accounting. The cash basis of accounting recognizes transactions and events only when cash (including cash equivalents) is received or paid. Project financial statements prepared under the cash basis provide information about the sources of cash, the purposes for which cash is used, and the cash balances at the reporting date. The key measurement in the project's financial statements is cash balances and changes therein.

#### **Accounting for transactions in foreign currency**

Transactions in foreign currencies are initially recorded in the functional currency at the official exchange rate of the commercial bank prevailing on the transaction date.

Funds received are converted into USD at the official Special Drawing Rights (SDR) exchange rate prevailing on the date of receipt of funds.

All payments made in national currency are converted into USD at the official exchange rate of the commercial bank on the date of the transaction.

All exchange rate differences arising on the settlement or translation of monetary items are included in the statement of funds received and expenditures paid.

#### **Cash and cash equivalents**

Cash and cash equivalents include cash on hand, cash at banks, and deposits that can be converted into cash within a short period of time.

#### **Taxes**

Calculation and payment of income tax on the income of local employees and consultants, as well as insurance contributions to the Social Fund of the Kyrgyz Republic, is made in accordance with the requirements and rates defined in the Tax Code of the Kyrgyz Republic and the relevant legislation of the Kyrgyz Republic.

#### **Project Expenditures**

Expenditures are reflected in the period in which they are actually paid.

#### **Sources of funds**

Financing is provided by IDA to the Project through an initial advance and replenishment of the Designated Account

#### **Other income**

Other income represents interest income accrued by the commercial bank on the balances of funds in the designated account, as well as amounts received as a guarantee against suppliers' failure to fulfill their commitments and amounts from the sale of tender documents.

#### **Other Expenditure**

Other expenditure includes the return of interest income to the Ministry of Finance of the Kyrgyz Republic, as well as bank fees related to the interest and tender accounts.

#### 4. CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of December 31, 2025 and 2024 are as follows:

|                    | Sources of financing | Currency | December 31,<br>2025 | December 31,<br>2024 |
